Contact: sponsors@laracon.com.au

Laracon attracts over 1000 developers between its US and EU events, and will bring over 200 web developers at the forefront of their field to its inaugural event in Sydney, Australia in October 2018. Laracon gathers developers and companies who are passionate about building amazing applications with the Laravel PHP framework

The Laravel PHP framework is a leading PHP framework—the most popular PHP project on GitHub, and boasts a Twitter following of nearly 80,000 developers. Sponsoring Laracon is the premiere way to get your brand in front of the entire Laravel audience—not just developers at the conference, but also those watching along online.
